

Rev. Kenneth Haney  
Executive Board, UPCI  
Hazelwood, MO 63042

May 20, 2003

Brethren:

Greeting in the name above all names; Jesus !

Let me make a brief statement to tell you why I am obligated to go to the Fellowship to warn them of what I see as a lack of conviction for what we did in the past to preserve the sacred things.

Numbers 8:25, 26 tells us that the priests, after the age of 50, ceased waiting on their services but would minister in the tabernacle to "keep the charge". The Amplified Version says, "...to protect the sacred things from being profaned." I take this responsibility as my duty today.

Abraham Lincoln said, "Silence, when we should protest, makes cowards of us all." I cannot sit back and let you destroy what I gave my life to preserve.

I spoke to the General Board in your first meeting and warned all of you not to change the Articles of Faith and rules of holy living or I would come out of my seat. I do have a voice, and I will use it to the limit to save things that are sacred to me.

The Fellowship has declared the "Divine Flesh" doctrine as a false doctrine. By going to Ethiopia and dedicating their school and giving high praises to Bro. Teklemariam as an apostolic leader, you became part of this false doctrine and thereby have put yourself and the UPCI on God's Hate List. God hates every false way. It is sad to me that Bro. Clyde Haney's name has been attached to that building and associated with that false doctrine.

I understand that the Executive Board refused to place the study of "Divine Flesh" in the hands of the Unity of the Faith Commission. You said you would take care of it at this Executive Board meeting and I am happy that it will finally be in their hands.

Your open way of suggesting to our brethren that we should or will change our stand on the use of television has also concerned me greatly. I've given my entire life to fight for what we have in our manual today and I will not stand by and see it jack-hammered out. No way! My condemnation also includes Bro. Tenny's appearance on the trinitarian television network to bid them god speed. He will be a partaker of their evil deeds.

Bro. Haney, over the years I have proven my love, support, appreciation and loyalty to you and your family. I am saddened that my efforts to get together with you concerning these urgent matters have been ignored. Don't forget, I have a vision too. My vision is to protect the name above every name, Jesus! I have sought to learn to know him and I cannot understand how we can feel justified in attaching his name to an antichrist doctrine.

I appeal to you and to all our officials to fight to keep our doctrine pure,

Together for the Truth,

Rev. Paul R. Price
